

44. (Currently Amended) The system of claim 42 further comprising a memory device in communication with the programmable logic device, wherein the content of the memory device is accessible only by the programmable logic device, and wherein the programmable logic device is further configured to store at least a portion of the ~~deencrypted~~ decompressed data in the memory device.

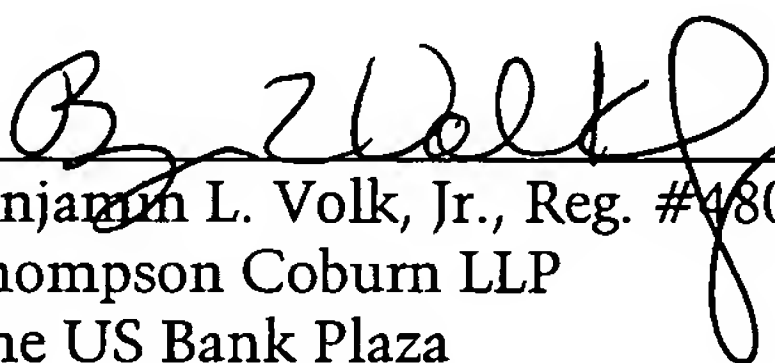

Remarks

This preliminary amendment amends Claim 44. No new matter has been added.

It is requested that the amendment be entered and that the case be examined on the merits.

Should any questions arise or if Applicants or Applicants' attorney can facilitate the examination of this application, please contact the undersigned attorney.

Respectfully submitted,
